Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 8-11 are rejected under 35 U.S.C. 102(b) as being anticipated by Loren.

Loren (5,100,187) discloses a bumper system comprising: a bumper beam 35 having a face surface; and an energy absorber engaging the face surface, the energy absorber including at least one non-foam section 50 and at least one foam section 52, 56, 58, the at least one non-foam section having a rear side and a front side, the rear side of the non-foam section abutting the face surface of the bumper beam, the foam section covering at least a portion of the front side of the non-foam section; wherein the face surface of the bumper beam abuts at least half of the non-foam section of the energy absorber along a length of the beam.

With regard to claim 9, the foam section covers the entire front side of the non-foam section.

With regard to claim 10, the foam section covers at least a portion of a top and bottom side of the non-foam section.

With regard to claim 11, the foam section covers at least a portion of a top and bottom side of the bumper beam.

Allowable Subject Matter

3. Claims 1-7 are allowed.

Response to Arguments

4. Applicant's arguments with respect to claims 8-10 have been considered but are moot in view of the new ground(s) of rejection.

With regard to claim 11, Applicant's arguments filed 6/9/05 have been fully considered but they are not persuasive. The applicant argues the Loren patent does not disclose foam sections covering at least a portion of a top and bottom side of the bumper beam. The examiner disagrees and believes as broadly recited and interpreted the reference discloses all of the limitations recited including foam sections which cover (and specifically are disposed vertically above and below) a top and bottom side of the bumper beam as seen in Figures 6 and 8. The rejection is therefore maintained.

Conclusion

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Hilary Gutman whose telephone number is 703-305-0496.
